
Pipefitter - Journeyman - Future Maintenance Work - Fort McMurray

Summary:

Fluor Driver, a part of the JV Driver Group of Companies, has been providing industrial construction services to the Oil & Gas, Energy, Petrochemical, Forestry, and Mining sectors since 1989. We have a solid multi-discipline industrial construction capability, with a total commitment to Safety, Quality, and Excellence. For 25 years, we have been creating value for our clients and opportunity for our people, by challenging the status quo, looking after each other, having fun, and building great things together!

We are seeking **Pipefitters** for future maintenance work in Fort McMurray. The successful candidates will be responsible for joining pipe sections and securing them into position by welding, brazing or soldering in an industrial construction environment.

Responsibilities:

- Demonstrates knowledge of functional operation of various piping system components by measuring, cutting, threading, grooving and bending of pipes, valves and fittings
- Assembles and installs piping sections according to blueprints and job specifications
- Performs physically demanding tasks such as cutting openings for pipe while standing for extended periods of time and securing pipe in hard to reach areas
- Uses testing equipment effectively to check for system leaks and troubleshoot fitting errors
- May perform other related duties as assigned

Requirements:

- Must be an Interprovincial Red Seal or have a Journeyman Pipefitter ticket from a recognized provincial training authority
- Must have previous experience working in a maintenance setting
- Must successfully complete pre-access drug and alcohol testing
- Must possess valid CSTS .09 (Construction Safety Training Systems) certification
- Must possess valid OSSA (Oil Sands Safety Association) Regional certification/BPO
- Must possess valid H2S Alive certification
- Must possess a valid form of government issued photo identification
- Must have demonstrated ability to work under minimal supervision

Work Conditions:

- Applicants that reside in Edmonton and Calgary will be given preference due to travel arrangements
- Camp based position with full accommodations provided
- 7/7 rotation - 12 hours of work/day
- By hand welders only - No RIGs
- Charter flights provided from Edmonton and Calgary
- Work will be primarily outdoors in various weather conditions

We reserve the right to modify or revise the job descriptions in part or in its entirety. Reasonable accommodations will be made in accordance with governing law.

Fluor Driver is an equal opportunity employer that recognizes the value of a diverse workforce. All qualified individuals will receive consideration for employment without regard to race, color, age, sex, sexual orientation, gender identity, religion, national origin, disability, veteran status, genetic information, or any other criteria protected by federal, state or local law.
